

Jonathan Powell Hope Foundation

The Jonathan Powell Hope Foundation is a 100% volunteer organization that has raised over \$500,000 from local donations since our inception in 2002. These donations have helped families with a child battling cancer by providing support for housing, gasoline, groceries, car repairs and other everyday, as well as medical, expenses which can quickly overcome anyone's finances. Your donations help these families worry less about living expenses and concentrate on the care for their child during their treatment. Although we primarily focus our attention on children living or receiving treatment in the southern West Virginia/southwest Virginia area, we believe it is important to make a difference in the life of every child fighting this terrible disease.

Here are some examples of how your donations are making a difference:

- ★ In the past year alone, we have provided over \$60,000 in assistance to over thirty families.
- ★ Helped a single mother with a child battling cancer keep from being evicted from her apartment two weeks before Christmas by paying her delinquent rent as well as prepaying three months ahead.
- ★ Assisted two families with utility expenses to keep their electric and gas from being disconnected.
- ★ Provided assistance with transportation expenses to and from treatment and clinic visits.
- ★ Purchased EZ Passes for local families being treated in Charleston.
- ★ Purchased special gifts for children.

*Thanks for helping to ease the
financial burden of childhood cancer
for these families!*
